

# VIKING

..... as we celebrate our 25th year in business we have something new and exciting happening .....

A new breed of showroom is opening its doors to the trade and public! Unique and quirky, self-designed and built by us!

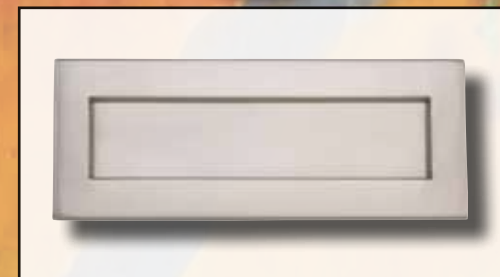

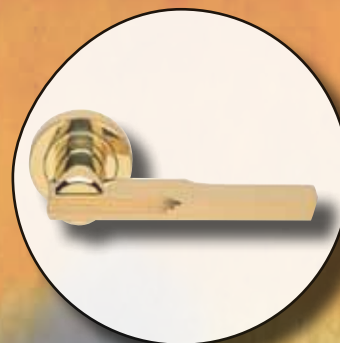

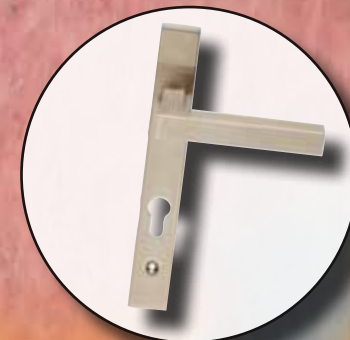

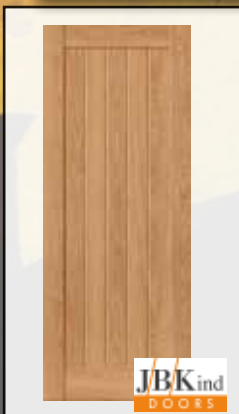

Viking would like you to come and see inside our new architectural ironmongery and door showroom. Themed around the urban environment, most materials used have been reclaimed, recycled and upcycled. Our showroom is sure to become a talking point throughout the trade for its innovative design. With its feature wall of the steelworks skyline it's definitely made in Scunthorpe!

From new builds to full on renovations or refurbishes to simply freshening up your home there is something to suit a range of tastes, styles and budgets. Boasting over 70 doors on display we are the largest door showroom in the area. In addition, we also have over 200 handles and accessories on display. We have a solution to suit, be it traditional or contemporary, there is something to compliment all décor style!

With our team of friendly, helpful and knowledgeable staff on hand to advise you, you truly are in for a unique experience.

Come down and see what we are all about, grab a free coffee, take a seat and sit back and take it all in!

We look forward to seeing you very soon!
